

INVITATION FOR TENDERS

Ukraine

Horishni Plavni District Heating Project - Energy Efficiency Improvement of the District Heating system in Horishni Plavni

INVITATION FOR TENDERS

Supply and Installation of System of Supervisory Control and Data Acquisition (SCADA)

This Invitation for Tenders follows the General Procurement Notice for this project which was published on the NEFCO website, Procurement Notices section (<https://www.nefco.org/procurements/general-procurement-notice-energy-efficiency-improvement-of-the-district-heating-system-in-horishni-plavni/>) on July 12, 2019.

Communal Production Enterprise “Teploenergo” of Town Horishni Plavni hereinafter referred to as “the Employer”, intends to use part of the proceeds of a loan from the Nordic Environment Finance Corporation (the NEFCO) and a grant from the Eastern Europe Energy Efficiency and Environment Partnership (E5P)* towards the cost of Horishni Plavni District Heating Project - Energy Efficiency Improvement of the District Heating system in Horishni Plavni.

The Employer now invites sealed tenders from Contractors for the following contract to be funded from part of the proceeds of the loan:

SCADA System including design works and supply of equipment and materials, installation, testing, pre-commissioning and commissioning of new equipment, instruments and devices required for SCADA completion at the Central Control Room (CCR) at 8 Molodizhna str., Horishni Plavni. It is envisaged to procure SCADA software, workstations of dispatchers and engineers, graphic multi-screen displays, servers, communication equipment, system of guaranteed power supply with a power generator and ATS, data transmission networks and remote Terminal Modules (RTUs), sensors, primary converters, signalling devices, communication equipment at facilities of control and management in the DH networks of Communal Production Enterprise “Teploenergo” of Town Horishni Plavni and training of the Employer's staff.

Civil works – renovation of server room, necessary base for emergency power generator.

Tendering for contracts that are to be financed with the proceeds of a loan from NEFCO is open to firms from any country.

To be qualified for the award of contract, tenderers must satisfy the following minimum criteria:

- Tenderers shall not have conflicts of interests.
- The Tenderer’s average annual turnover over the last 5 (five) years exceeded 5 (five) times the tender price. In case of tender submitted by JVCA, the leading partner should demonstrate at least 50% compliance with the requirement.
- The Tenderer shall demonstrate that it has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means sufficient to meet the production cash flow for the contract estimated as not less than 2 (times) of the tender price, taking into account the Tenderer's commitments for other contracts.

- Experience as Contractor, in at least 3 (three) contracts for installation and commissioning SCADA hardware and software package of nature and complexity comparable to the proposed contract within the last 7(seven) years, that have been successfully completed and that are similar to the proposed Plant. Relevant references shall be provided.

In addition, or as part of the above 3 (three) contracts, within the last 7 (seven) years, the Tenderer shall have an experience, as prime contractor or subcontractor, of supply and installation of SCADA System, which has been in successful operation at least for 1 (one) year prior to submission of the tender. Relevant references shall be provided.

The Contract is planned to be completed within 12 (twelve) months after the effective date.

The hard copy of Tender documents may be obtained upon payment of a non-refundable fee of EURO 200 (two hundred) or equivalent in a convertible currency.

The electronic version of the Tender document will be provided free of charge.

The method of payment will be direct deposit to any of the specified account numbers for respective currency:

*The Eastern Europe Energy Efficiency and Environment Partnership (E5P) is a €180 million multi-donor fund managed by the EBRD and designed to promote energy efficiency investments in Ukraine and other eastern European countries. The fund was established under an initiative of the Swedish government during its presidency of the European Union (EU) in 2009. E5P complements energy efficiency loans provided by financial institutions including the European Bank for Reconstruction and Development, the European Investment Bank, KfW, NEFCO and the World Bank Group. Contributors to E5P are the EU and the US, as well as Denmark, Estonia, Finland, Germany, Iceland, Ireland, Latvia, Lithuania, Norway, Poland, Slovak Republic, Sweden, Switzerland and Ukraine.
